

REC Limited

Integrated Stakeholder Grievance Redressal Document

1. Foreword

REC Limited is committed towards implementing effective stakeholder grievance redressal mechanisms. The objective of this framework is to establish a structured and equitable procedure through which both internal and external stakeholders can voice and address their grievances, concerns, and complaints about the activities of REC Limited.

We are committed to addressing all grievances promptly, with fairness and impartiality. We will also ensure that our grievance resolution process remains readily accessible to all parties involved.

This Framework extends to internal stakeholders, encompassing employees and contractual staff employed directly within the organization as well as our external stakeholders including investors, shareholders, lenders, customers, partners along the value chain, communities etc.

2. Grievance redressal channels and process:

Stakeholders are encouraged to register their concerns using the provided communication channels, which include email, telephone, online system or written correspondence. The grievance redressal channels, procedure and timelines, currently in practice for each stakeholder group are tabulated as under:
