Power ministry holds second meeting on India Energy Stack

The power ministry held the second meeting of a taskforce on India Energy Stack (IES) to accelerate the development of an integrated digital public infrastructure for the energy sector, an official statement said on Friday.

The taskforce on IES set up by the ministry aims to create a unified, secure, and interoperable digital infrastructure for the country's energy sector.

REC said, as the nodal agency for the IES, it is "committed to work closely with the Ministry of Power and all stakeholders to translate this vision into implementable standards and scalable solutions that deliver tangible value on the ground".

Second Meeting Of India Energy Stack (IES) Taskforce Held To Review Version 0.2 Strategy And Architecture Documents

The second meeting of the India Energy Stack (IES) Taskforce was held today, with participation from Taskforce members as well as representatives from the Ministry of Power, regulators, industry, academia, and other key stakeholders.

The meeting reviewed the Version 0.2 drafts of the IES Strategy and Architecture documents, which have been developed based on the guidance provided during the inaugural meeting convened by the Ministry of Power. At the previous meeting, the Taskforce had aligned on the vision of IES as India's Digital Public Infrastructure (DPI) for the power sector, with a strong emphasis on modularity, interoperability, standards-led design, and real-world implement ability.

Power ministry holds second meeting on India Energy Stack

New Delhi, Dec 19 (PTI) The power ministry held the second meeting of a taskforce on India Energy Stack (IES) to accelerate the development of an integrated digital public infrastructure for the energy sector, an official statement said on Friday.

The taskforce on IES set up by the ministry aims to create a unified, secure, and interoperable digital infrastructure for the country's energy sector.

REC said, as the nodal agency for the IES, it is "committed to work closely with the Ministry of Power and all stakeholders to translate this vision into implementable standards and scalable solutions that deliver tangible value on the ground".

As India charts its path to becoming a USD 5-trillion economy and advances towards its net zero-carbon emission commitments, the power sector encounters both unprecedented opportunities and complex challenges, as per the statement.

Rapid growth in renewable energy, electric vehicles, and consumer participation in energy markets is transforming the sector, yet fragmented systems and the lack of seamless digital integration remain key barriers.

To address these, the Ministry of Power is reimagining the sector's digital foundation through the India Energy Stack a Digital Public Infrastructure (DPI) designed to provide a standardised, secure, and open platform to manage, monitor, and innovate across the electricity value chain.

**THE
FREE PRESS JOURNAL****Second Meeting of India Energy Stack (IES) Taskforce Held to Review Version 0.2 Strategy and Architecture Documents**

The second meeting of the India Energy Stack (IES) Taskforce was held on Friday, with participation from Taskforce members as well as representatives from the Ministry of Power, regulators, industry, academia, and other key stakeholders. The meeting reviewed the Version 0.2 drafts of the IES Strategy and Architecture documents, which have been developed based on the guidance provided during the inaugural meeting convened by the Ministry of Power. At the previous meeting, the Taskforce had aligned on the vision of IES as India's Digital Public Infrastructure (DPI) for the power sector, with a strong emphasis on modularity, interoperability, standards-led design, and real-world implementability. Version 0.2 of the

Strategy document strengthens the focus on execution by proposing the development of IES through complete "use case packages." It introduces a structured rubric for prioritising early use cases, maps existing national digital platforms relevant to the power sector, and outlines a strengthened data governance framework, including the rationale for a National Power Sector Data Policy. The meeting was attended by Taskforce Chairman Dr. Ram Sewak Sharma (Former Director General, UIDAI; Former CEO, National Health Authority; Former Chairman, TRAI); Sh. Pradeep Kumar Pujari (Vice Chair, Distinguished Fellow, FSR Global, Former Chairman CERC, Former Secretary Power); Sh. Pramod Verma (Co-founder, FIDE; former Chief Architect, Aadhaar); Alok Kumar (DG, AIDA); Jitendra Srivastava (CMD, REC Limited); Abhishek Ranjan (CEO, BRPL); Vikram Gandotra (President-Elect, IEEMA); Vikram Dhaka (Representative, MNRE); Swetha Ravi Kumar (Executive Director, FSR Global); Dr. Rahul Tongia (Senior Fellow, CSEP); Reji Pillai (President, ISGF); and Pranav Tayal (Director, Ministry of Power). Other dignitaries also joined the meeting via video conference.

Second meeting of IES taskforce held to review Version 0.2 Strategy & Architecture documents

The updated Strategy document places sharper emphasis on execution, proposing development of IES through complete ‘use case packages’

NEW DELHI: The second meeting of the India Energy Stack (IES) Taskforce was held on Friday with participation from members of the Taskforce and representatives from the Ministry of Power, regulators, industry and academia.

The meeting reviewed Version 0.2 drafts of the IES Strategy and Architecture documents, prepared following guidance from the inaugural meeting convened by the Ministry of Power. The Taskforce reit-

erated its vision of IES as India's Digital Public Infrastructure for the power sector, anchored in modularity, interoperability, standards-led design and practical implementability.

The updated Strategy document places sharper emphasis on execution, proposing development of IES through complete “use case packages.” It introduces a structured framework to prioritise early use cases, maps existing national digital platforms relevant to the

power sector, and strengthens data governance, including the case for a National Power Sector Data Policy. The Architecture document Version 0.2 focuses on trust and security, outlining elements such as digital identity, verifiable credentials, secure APIs, auditability and policy-as-code for consistent rule enforcement. These will be supported by sandboxes, reference implementations and defined conformance pathways to speed up adoption. As part of an accelera-

tor programme, pilot DISCOMs have been asked to implement inter-state peer-to-peer power trading using the specified APIs.

Addressing the meeting, REC Chairman & MD Jitendra Srivastava said the India Energy Stack is a transformational step towards a unified, future-ready digital power sector, with REC working alongside the Ministry of Power and stakeholders to deliver scalable solutions. The project is slated for completion by July 2026.

इंडिया एनर्जी स्टैक (आईईएस) टास्कफोर्स की दूसरी बैठक हुई, जिसमें टास्कफोर्स के सदस्यों के साथ-साथ बिजली मंत्रालय, रेगुलेटर, इंडस्ट्री, एकेडेमिया और अन्य मुख्य स्टेकहोल्डर्स के प्रतिनिधियों ने हिस्सा लिया। मीटिंग में आईईएस स्ट्रेटेजी और आर्किटेक्चर डॉक्यूमेंट्स के वर्जन 0.2 ड्राफ्ट की समीक्षा की गई, जिन्हें बिजली मंत्रालय द्वारा बुलाई गई पहली मीटिंग के दौरान दिए गए गाइडेंस के आधार पर डेवलप किया गया है। पिछली मीटिंग में, टास्कफोर्स ने आईईएस के विजन पर सहमति जताई थी कि यह पावर सेक्टर के लिए भारत का डिजिटल पब्लिक इंफ्रास्ट्रक्चर (डीपीआई) होगा, जिसमें मॉड्यूलरिटी, इंटरऑपरेबिलिटी, स्टैंडर्ड-आधारित डिजाइन और असल दुनिया में लागू करने की क्षमता पर खास जोर दिया जाएगा। स्ट्रेटेजी डॉक्यूमेंट का वर्जन 0.2, पूरे यूज केस पैकेज के ज़रिए आईईएस के डेवलपमेंट का प्रस्ताव देकर एजीक्यूशन पर फोकस को मजबूत करता है। यह शुरुआती यूज केस को प्राथमिकता देने के लिए एक स्ट्रुक्चर्ड

रुब्रिक पेश करता है, पावर सेक्टर से संबंधित मौजूदा नेशनल डिजिटल प्लेटफॉर्म को मैप करता है, और एक मजबूत डेटा गवर्नेंस फ्रेमवर्क की रूपरेखा बताता है, जिसमें नेशनल पावर सेक्टर डेटा पॉलिसी के पीछे का तर्क भी शामिल है।

आरईसी लिमिटेड के चेयरमैन और मैनेजिंग डायरेक्टर जितेंद्र श्रीवास्तव ने कहा, इंडिया एनर्जी स्टैक भारत के पावर सेक्टर के लिए एक यूनिफाइड, भरोसेमंद और भविष्य के लिए तैयार डिजिटल नॉव बनाने की दिशा में एक बड़ा कदम है। वर्जन 0.2 टास्कफोर्स की सामूहिक समझ और कॉन्सेप्ट से एजीक्यूशन की ओर एक मजबूत बदलाव को दिखाता है। नोडल एजेंसी के तौर पर, आरईसी बिजली

मंत्रालय और सभी स्टेकहोल्डर्स के साथ मिलकर काम करने के लिए प्रतिबद्ध है ताकि इस विजन को लागू करने लायक स्टैंडर्ड और स्केलेबल सॉल्यूशन में बदला जा सके जो ज़मीनी स्तर पर ठोस वैल्यू दें। आर्किटेक्चर डॉक्यूमेंट वर्जन 0.2 आईईएस के ट्रस्ट और सिक्योरिटी फ्रेमवर्क पर ज्यादा फोकस करता है। मुख्य एलिमेंट्स में डिजिटल आइडेंटिटी, वेरिफ़ाएबल क्रेडेंशियल, ऑडिटेबिलिटी और पॉलिसी-एज-कोड शामिल हैं ताकि लगातार नियमों को लागू किया जा सके। इन्हें सैंडबॉक्स, रैफ़रेंस इम्प्लीमेंटेशन और तथ कन्फॉर्मंस पाथवे से सपोर्ट मिलता है ताकि इकोसिस्टम को अपनाने में तेजी आए।

India Energy Stack Taskforce Reviews Version 0.2 Strategy in Second Meeting

New Delhi, Dec 19: The second meeting of the India Energy Stack (IES) Taskforce took place on December 19, 2025, involving diverse stakeholders from the Ministry of Power, industry, academia, and regulatory bodies.

The meeting focused on reviewing the drafts of the IES Strategy and Architecture documents (Version 0.2), which were informed by the inaugural meeting's discussions. The IES aims to serve as a Digital Public Infrastructure (DPI) for India's power sector, highlighting principles of modularity, interoperability, and standards-led design.

Version 0.2 of the Strategy document emphasizes execution through the development of "use case packages," prioritizing early use cases and establishing a data governance framework alongside a proposed National Power Sector Data Policy. Key figures present included Taskforce Chairman Dr. Ram Sewak Sharma and notable industry leaders and regulators.

इंडिया एनर्जी स्टैक टास्कफोर्स की दूसरी बैठक वर्जन 0.2 स्ट्रेटेजी और आर्किटेक्चर डॉक्यूमेंट्स की समीक्षा के लिए आयोजित की गई

नई दिल्ली। इंडिया एनर्जी स्टैक (आईईएस) टास्कफोर्स की दूसरी बैठक आज हुई, जिसमें टास्कफोर्स के सदस्यों के साथ-साथ बिजली मंत्रालय, रेगुलेटर, इंडस्ट्री, एकेडेमिया और अन्य मुख्य स्टेकहोल्डर्स के प्रतिनिधियों ने हिस्सा लिया। मीटिंग में आईईएस स्ट्रेटेजी और आर्किटेक्चर डॉक्यूमेंट्स के वर्जन 0.2 ड्राफ्ट की समीक्षा की गई, जिन्हें बिजली मंत्रालय द्वारा बुलाई गई पहली मीटिंग के दौरान दिए गए गाइडेंस के आधार पर डेवलप किया गया है। पिछली मीटिंग में, टास्कफोर्स ने आईईएस के विजन पर सहमति जताई थी कि यह पावर सेक्टर के लिए भारत का डिजिटल पब्लिक इंफ्रास्ट्रक्चर

(डीपीआई) होगा, जिसमें मॉड्यूलरिटी, इंटरऑपरेबिलिटी, स्टैंडर्ड-आधारित डिजाइन और असल दुनिया में लागू करने की क्षमता पर खास जोर दिया जाएगा। स्ट्रेटेजी डॉक्यूमेंट का वर्जन 0.2, पूरे 'यूज केस पैकेज' के जरिए IES के डेवलपमेंट का प्रस्ताव देकर एग्जीक्यूशन पर फोकस को मजबूत करता है। मीटिंग में टास्कफोर्स के चेयरमैन डॉ. राम सेवक शर्मा (पूर्व डायरेक्टर जनरल, IDAI; पूर्व सीईओ, नेशनल हेल्थ अथॉरिटी; पूर्व चेयरमैन, TRAI); श्री प्रदीप कुमार पुजारी (वाइस चेयर, डिस्ट्रिग्विशड फेलो, FSR ग्लोबल, पूर्व चेयरमैन वृक्षपट्ट, पूर्व सेपेरेटी पावर); श्री प्रमोद

वर्मा (को-फाउंडर, FIDE; पूर्व चीफ आर्किटेक्ट, आधार); श्री आलोक कुमार (DG, AIDA); श्री जितेंद्र श्रीवास्तव (सीएमडी, आरईसी लिमिटेड); श्री अभिषेक रंजन (CEO, BRPL); श्री विक्रम गंडोत्रा (प्रेसिडेंट-इलेक्ट, IEEMA); श्री विपम ढाका (प्रतिनिधि, MNRE); श्री श्वेता रवि कुमार (एग्जीक्यूटिव डायरेक्टर, स्नस्प ग्लोबल); डॉ. राहुल टोंगिया (सीनियर फेलो, CSEP); श्री रेजी पिळ्ळई (प्रेसिडेंट, ISGF); और श्री प्रणव तायल (डायरेक्टर, मिनिस्ट्री ऑफ पावर) शामिल हुए। अन्य गणमान्य व्यक्ति भी वीडियो कॉन्फ्रेंस के जरिए मीटिंग में शामिल हुए।

इस मौके पर बोलते हुए, आरईसी लिमिटेड के चेयरमैन और मैनेजिंग डायरेक्टर जितेंद्र श्रीवास्तव ने कहा, "इंडिया एनर्जी स्टैक भारत के पावर सेक्टर के लिए एक यूनिफाइड, भरोसेमंद और भविष्य के लिए तैयार डिजिटल नींव बनाने की दिशा में एक बड़ा कदम है। वर्जन 0.2 टास्कफोर्स की सामूहिक समझ और कॉन्सेप्ट से एग्जीक्यूशन की ओर एक मजबूत बदलाव को दिखाता है। नोडल एजेंसी के तौर पर, आरईसी बिजली मंत्रालय और सभी स्टेकहोल्डर्स के साथ मिलकर काम करने के लिए प्रतिबद्ध है ताकि इस विजन को लागू करने लायक स्टैंडर्ड और स्केलेबल सॉल्यूशन में बदला जा सके जो जमीनी स्तर पर ठोस वैल्यू दें।"

इंडिया एनर्जी स्टैक (IES) की दूसरी बैठक संपन्न

नई दिल्ली: इंडिया एनर्जी स्टैक (आईईएस) टास्कफोर्स की दूसरी बैठक आज हुई, जिसमें टास्कफोर्स के सदस्यों के साथ-साथ बिजली मंत्रालय, रेगुलेटर, इंडस्ट्री, एकेडेमिया और अन्य मुख्य स्टेकहोल्डर्स के प्रतिनिधियों ने हिस्सा लिया। मीटिंग में आईईएस स्ट्रेटेजी और आर्किटेक्चर डॉक्यूमेंट्स के वर्जन 0.2 ड्राफ्ट की समीक्षा की गई, जिन्हें बिजली मंत्रालय द्वारा बुलाई गई पहली मीटिंग के दौरान दिए गए गाइडेंस के आधार पर डेवलप किया गया है। पिछली मीटिंग में, टास्कफोर्स ने आईईएस के विजन पर सहमति जताई थी कि यह पावर सेक्टर के लिए भारत का डिजिटल पब्लिक इंफ्रास्ट्रक्चर (डीपीआई) होगा, जिसमें मॉड्यूलरिटी, इंटरऑपरेबिलिटी, स्टैंडर्ड-आधारित डिजाइन और असल दुनिया में लागू करने की क्षमता पर खास जोर दिया जाएगा।

नई दिल्ली: इंडिया एनर्जी स्टैक (IES) टास्कफोर्स की कल हुई बैठक में टास्कफोर्स के सदस्यों के साथ-साथ बिजली मंत्रालय, रेगुलेटर, इंडस्ट्री, एकेडेमिया और अन्य मुख्य स्टेकहोल्डर्स के प्रतिनिधियों ने हिस्सा लिया।

प्रेस विज्ञप्ति के अनुसार, मीटिंग में (IES) स्ट्रेटेजी और आर्किटेक्चर डॉक्यूमेंट्स के वर्जन 0.2 ड्राफ्ट की समीक्षा की गई, जिन्हें बिजली मंत्रालय द्वारा बुलाई गई पहली मीटिंग के दौरान दिए गए गाइडेंस के आधार पर डेवलप किया गया है। पिछली मीटिंग में, टास्कफोर्स ने आईईएस के विजन पर सहमति जताई थी कि यह पावर सेक्टर के लिए भारत का डिजिटल पब्लिक इंफ्रास्ट्रक्चर (डीपीआई) होगा, जिसमें मॉड्यूलरिटी, इंटरऑपरेबिलिटी, स्टैंडर्ड-आधारित डिजाइन और असल में लागू करने की क्षमता पर खास जोर दिया जाएगा।

स्ट्रेटेजी डॉक्यूमेंट का वर्जन 0.2, पूरे "यूज़ केस पैकेज" के ज़रिए IES के डेवलपमेंट का प्रस्ताव देकर एजीक्यूशन पर फोकस को मज़बूत करता है। यह शुरुआती यूज़ केस को प्राथमिकता देने के लिए एक स्ट्रक्चर्ड रूब्रिक पेश करता है, पावर सेक्टर से संबंधित मौजूदा नेशनल डिजिटल प्लेटफॉर्म को मैप करता है, एक मज़बूत डेटा गवर्नेंस फ्रेमवर्क की रूपरेखा और नेशनल पावर सेक्टर डेटा पॉलिसी के पीछे का तर्क भी शामिल है।

Second Meeting of India Energy Stack (IES) Taskforce Held to Review Version 0.2 Strategy and Architecture Documents

New Delhi, December 19, 2025: The second meeting of the India Energy Stack (IES) Taskforce was held today, with participation from Taskforce members as well as representatives from the Ministry of Power, regulators, industry, academia, and other key stakeholders.

The meeting reviewed the Version 0.2 drafts of the IES Strategy and Architecture documents, which have been developed based on the guidance provided during the inaugural meeting convened by the Ministry of Power. At the previous meeting, the Taskforce had aligned on the vision of IES as India's Digital Public Infrastructure (DPI) for the power sector, with a strong emphasis on modularity, interoperability, standards-led design, and real-world implement ability.

Version 0.2 of the Strategy document strengthens the focus on execution by proposing the development of IES through complete “use case packages.” It introduces a structured rubric for prioritising early use cases, maps existing national digital platforms relevant to the power sector, and outlines a strengthened data governance framework, including the rationale for a National Power Sector Data Policy.

Second Meeting of India Energy Stack (IES) Taskforce Held to Review Version 0.2 Strategy and Architecture Documents

HUMMER NEWS

NEW DELHI: The second meeting of the India Energy Stack (IES) Taskforce was held today, with participation from Taskforce members as well as representatives from the Ministry of Power, regulators, industry, academia, and other key stakeholders.

The meeting reviewed the Version 0.2 drafts of the IES Strategy and Architecture documents, which have been developed based on the guidance provided during the inaugural meeting convened by the Ministry of Power. At the previous meeting, the Taskforce had aligned on the vision of IES as India's Digital Public Infrastructure (DPI) for the power sector, with a strong emphasis on modularity, interoperability, standards-led design, and real-world implementability.

Version 0.2 of the Strategy document strengthens the focus on execution by proposing the development of IES through complete "use case packages." It introduces a structured rubric for prioritising early use cases, maps existing national digital platforms relevant to the power sector, and outlines a strengthened data gov-

ernance framework, including the rationale for a National Power Sector Data Policy.

The meeting was attended by Taskforce Chairman Dr. Ram Sewak Sharma (Former Director General, UIDAI; Former CEO, National Health Authority; Former Chairman, TRAI); Sh. Pradeep Kumar Pujari (Vice Chair, Distinguished Fellow, FSR Global, Former Chairman CERC, Former Secretary Power); Sh. Pramod Verma (Co-founder, FIDE; former Chief Architect, Aadhaar); Shri Alok Kumar (DG, AIDA); Shri Jitendra Srivastava (CMD, REC Limited); Shri Abhishek

Ranjan (CEO, BRPL); Shri Vikram Gandotra (President-Elect, IEEMA); Shri Vikram Dhaka (Representative, MNRE); Shri Swetha Ravi Kumar (Executive Director, FSR Global); Dr. Rahul Tongia (Senior Fellow, CSEP); Shri Reji Pillai (President, ISGF); and Shri Pranav Tayal (Director, Ministry of Power). Other dignitaries also joined the meeting via video conference.

Speaking on the occasion, Shri Jitendra Srivastava, Chairman and Managing Director, REC Limited, said, "The India Energy Stack represents a transformational step towards building a unified, trusted, and

future-ready digital foundation for India's power sector. Version 0.2 reflects the Taskforce's collective wisdom and a strong shift from concept to execution. As the Nodal Agency, REC is committed to working closely with the Ministry of Power and all stakeholders to translate this vision into implementable standards and scalable solutions that deliver tangible value on the ground."

The Architecture document Version 0.2 sharpens the focus on the trust and security fabric of IES. Key elements include digital identity, verifiable credentials, secure APIs, auditability, and policy-as-code to ensure consistent rule enforcement. These are supported by sandboxes, reference implementations, and defined conformance pathways to accelerate ecosystem adoption. As part of the accelerator programme to demonstrate practical implementation, pilot DISCOMs have been requested to adopt and implement inter-state peer-to-peer (P2P) power trading using the defined APIs and specifications.

The India Energy Stack (IES) project is scheduled to be completed by July 2026.
