

REC/RDSS/22-23/205

Date: 13th, July 2022

Sub: Standard Bidding Document (SBD) for the appointment of Advanced Metering Infrastructure Service Provider (AMISP) for System Metering

Sir / Madam,

As per the RDSS scheme guidelines, smart prepaid metering of consumers is planned to be prioritized in higher loss areas, so as to earnestly have the higher impact of this initiative on loss reduction. However, there is comparatively tighter deadline for completion of System Metering, vis-à-vis the overall targets for smart prepaid consumer metering across the DISCOM area, so the need was felt to enable DISCOMs in readily taking up the System Metering works in areas where Smart Consumer metering is proposed to be undertaken in next phase.

In above context, the SBD for appointment of AMISP for System Metering along-with the Guidance Note is enclosed, for necessary action.

With regards,

Yours Sincerely,

13.7.22.
(R. Lakshmanan)

To,
The Chairman / Managing Director(s)
All DISCOMs
